INDEX TO ARTICLES

VOLUME 53

	Issue	Page
Abstracts, Russian		28, 447
Abstracts, SMPTE Journal		22, 56, 162, 231, 289, 322, 415, 447
Acoustics, Computer Simulation of Auditorium	*Jan.*	12
American Standards, New	*Jul.*	284
Appreciation from East and West	*Aug.*	310
Audio Engineering Society, Lecture Programme	*Nov.*	414
Auntie Takes a Trip	*Jan.*	10
Award, SMPTE Progress Medal	*Nov.*	412
BKSTS Annual Dinner	*Mar.*	92
BKSTS Annual General Meeting	*Jul.*	268
BKSTS Appointment	*Jan.*	11
BKSTS Course, Photographic Sound	*Nov.*	413
BKSTS Papers Programme	*Jan.*	26
BKSTS Recommendations for Film Handling	*Jan.*	19
BKSTS Representation on BSI Committees	*Jan.*	24
Black-and-White Test Patterns for Television, Technical Problems	*Jun.*	244
Book Reviews		167, 202
Branches, News of		331, 353
British Standards, New		56, 165, 353
BSC News		19, 60, 118
Colour Television Film Recording from a Shadow-Mask Picture Tube	*Dec.*	422
Computer Simulation of Auditorium Acoustics	*Jan.*	12
Computer Animation: Answer or Problem?	*Dec.*	436
Computer-Made Films	*Dec.*	442
Control, Environmental and Contamination	*Apr.*	122
Density Differences on Colour Film, Visual Perception of	*Sep.*	332
Digitally Controlled Miniature Camera, A	*Feb.*	44
Discharge Lamps for Television and Film Lighting, New	*Oct.*	368
EBU Technical Document 3087 — Recommendations to Film Stock Manufacturers	*Sep.*	336
Environmental and Contamination Control	*Apr.*	122
Equipment News		164, 285, 352
Feature Film Production	*Nov.*	408
Features of Multi Track Recording Consoles	*May*	148
Fellowships, New	*Aug.*	312
Film '71		34-41, 118, 178, 298-311
Film Equipment, Location	*Nov.*	404
Film Training for What?	*Apr.*	112
From Low-Level to Line-Output	*Jul.*	280
High Quality Audio Power Amplifiers The Development of	*Jul.*	286
Honours for BKSTS members	*Jan.*	19
Image Steadiness in Television Presentation, 16mm Film	*Oct.*	360
	Nov.	396
Independent Television News, Facilities and Coverage of 1970 General Election	*Apr.*	106
Industry News		20, 57, 68, 98, 161, 202, 285, 318, 375
Inter Navex '71	*Nov.*	413
I.S.O./T6 36 Meeting	*Oct.*	383
Kinofototecheka Exhibition, Moscow	*May*	160
Leaders		3, 33, 75, 105, 139, 177, 267, 297, 331, 358, 395
Lecture Programme		26, 355, 445
Letters to the Editor		20, 60, 318, 444
Light Sources for Outside Broadcast Colour Television, New.	*Jan.*	232
Limiters and Compressors	*May*	146

BKSTS PUBLICATIONS

TECHNICAL MANUALS: Produced by the Education and Training Committee

Television Technology, Part One, Basic (Monochrome) £3·00

fundamentals of television
the television studio
video tape recording
television test methods
the television camera
outside broadcast equipment and methods
modern developments in television engineering
the television/film interface

Television Technology, Part Two, Intermediate (Colour) £3·00

fundamentals of colour
colour film and colour telecine
videotape and videotape editing
test methods and general review
systems and standards
the colour camera
the broadcast chain

Television Technology, Part Three, Advanced Level £3·00

colour fundamentals and colourimetry
V.T.R. recordings and vacuum transports
line and field stores
transmitters
computers in television, digital applications
origination of signals
standards converters
production techniques
klystrons and other tubes
lighting sources and control systems

Sound for Film and Television, Theory and Practice £3·00

the nature of sound
magnetic recording and reproduction
optical recording and reproduction
editing and mixing sound for television
transducer theory
microphones
synchronous recording methods for film
editing and mixing sound for film

Image Quality and Control of Motion Picture and Television Film £3·00

the image forming chain
nature, control and measurement of light and illumination
current laboratory practice
assessment of the photographic image
characteristics and exposure of camera stock
duplicating and printing routes
presentation screens and telecine

Any two of these Technical Manuals for £5·00

Some individual lecture notes from these technical manuals are available—details from the Society's offices £0·25

OTHER BKSTS PUBLICATIONS

Technical Papers from FILM 69 Conference—complete set in ring binder £5·00

30 Technical Papers from FILM 71 Conference—in book form £1·25

—in cassette tape form per 90 minute tape—Catalogue available on request £1·00

Televison at Work 75p

a non-technical users introduction to the techniques and applications of television (in broadcast, closed circuit and cassette form)

Motion Picture Presentation Manual (in loose-leaf form) 80p

good presentation practice
relevant British standards
the projector
release prints
film handling
carbon arc sources
care and maintenance of projectors and arc lights
projection lenses
care and maintenance of the screen
joining, waxing and treatment of film
the electrical installation
heating and ventilation

Monthly Journal "British Kinematography Sound and Television" £6·00 per annum or 50p each (including normal postage)

All these publications are available from
The Secretary, British Kinematograph, Sound and Television Society,
110/112 Victoria House, Vernon Place, London, WC1B 4DJ
